	Financial Assistance Program	<input checked="" type="checkbox"/> ECH <input checked="" type="checkbox"/> EMSO <input checked="" type="checkbox"/> EASC; <input checked="" type="checkbox"/> ECHEC <input type="checkbox"/> Department:

PURPOSE

Financial assistance is available to patients who are uninsured, underinsured, or ineligible for state and federal programs. Only medically necessary services may be eligible for patients who meet income and asset criteria.

POLICY:

A. INTRODUCTION

EVANGELICAL COMMUNITY HOSPITAL Financial Assistance Program is the term applied to health services made available at no charge or at a reduced charge to persons unable to pay.

B. RESTRICTION OF BENEFICIARIES

EVANGELICAL COMMUNITY HOSPITAL will make medically necessary services available on an inpatient or outpatient basis to individuals who cannot afford to pay for such services. Services denied by medical insurance deemed “not medically necessary” are excluded from this Financial Assistance policy.

Financial Assistance will be offered six (6) months from the date of approval for future services covered under this policy for EVANGELICAL COMMUNITY HOSPITAL. Patients will need to reapply for Financial Assistance for Evangelical Medical Services Organization (EMSO) for each request for assistance.

A Medical Assistance (MA) denial is required to be submitted with a completed Financial Assistance application. This denial cannot exceed 6 months old. In the event an MA denial is over 6 months old the Financial Assistance application will be denied until a current MA denial can be obtained by the applicant.

Financial Assistance will be extended up to the fiscal year limit set forth by the CFO during the budget process.

PROVIDERS NOT COVERED

Providers not employed by EVANGELICAL COMMUNITY HOSPITAL but providing services to patients seen at EVANGELICAL COMMUNITY HOSPITAL, may elect not to accept these guidelines. These

providers include but are not limited to Quantum Imaging, Family Practice Center, etc. All “elective” medical, diagnostic or surgical services performed, professional (physician) fees, and/or specialists (radiologist, etc.) are not subject to the EVANGELICAL COMMUNITY HOSPITAL Financial Assistance discounts.

MEDICAL NECESSARY CARE

The definition of medical necessity is explained in Pennsylvania regulations (55 Pa. Code §1101.21a), and the DPW "Clarification Regarding the Definition of 'Medical Necessity'" at 37 Pa.B. 1880 (April 27, 2007) and in the contracts between the Pennsylvania Department of Public Welfare and the HMOs.

To meet the Medicaid standard for Medical Necessity, any one of the three standards below can be met:

- The service or benefit will, or is reasonably expected to, prevent the onset of an illness condition, or disability
- The service or benefit will, or is reasonably expected to, reduce or ameliorate the physical, mental, or developmental effects of an illness, condition or disability.
- The service or benefit will assist the individual to achieve or maintain maximum functional capacity in performing daily activities considering both the functional capacity of the individual and those functional capacities that are appropriate for individuals of the same age.

The determination can be made either by prior authorization, concurrent review, or post-utilization. For a service to be medically necessary, it must be compensable under the Medicaid program. Determinations of medical necessity and denials of medical necessity must be in writing.

C. ADMISSION AND ABILITY TO PAY

EVANGELICAL COMMUNITY HOSPITAL will provide services at no charge or reduced charges to those who are financially unable to pay for those services.

EVANGELICAL COMMUNITY HOSPITAL will not arbitrarily restrict the provisions of health services to certain individuals or groups.

EVANGELICAL COMMUNITY HOSPITAL will make available a written notice to each patient or their representative of the existence, criteria and mechanism for receiving Financial Assistance. The Hospital will create and maintain records demonstrating that the required criteria and mechanism are established. The Hospital will record any and all requests for Financial Assistance, the disposition and the dollar amount of EVANGELICAL COMMUNITY HOSPITAL Financial Assistance Program provided. In all instances, patient confidentiality will be protected.

EMERGENCY MEDICAL CARE

EVANGELICAL COMMUNITY HOSPITAL's policy is to provide emergency care to stabilize patients, regardless of their ability to pay in accordance with EMTALA. EVANGELICAL COMMUNITY HOSPITAL provides care for medical conditions to individuals, without discrimination and regardless of FAP eligibility and disallows actions that discourage individuals from seeking medical care. Following medical evaluation, non-emergent patients requiring Financial Assistance consideration should be reviewed and approved before additional services are provided.

D. FINANCIAL ELIGIBILITY AND DISCOUNTS

An individual notice of availability of EVANGELICAL COMMUNITY HOSPITAL Financial Assistance Program will be given to each patient or their representative prior to services being rendered, with the exception of emergency services. These notices shall be available in all registration areas of the Hospital and shall include the most current available "Household Income Guidelines" as published in the Federal Register.

Eligibility will be determined by comparing household family income against the income poverty guidelines. Income is defined as the total annual cash receipts before taxes from all sources. Patients qualifying for the Financial Assistance Program will not be charged more than the Amounts Generally Billed (AGB).

The Patient Accounts Director or his/her designee shall review all applications for EVANGELICAL COMMUNITY HOSPITAL Financial Assistance Program. It is the applicant's responsibility to provide proof of income. Reasonable benefits will be granted based on the information in Appendix A and applied to gross charges.

APPENDIX A

CALCULATION OF AMOUNT GENERALLY OWED BY INDIVIDUALS
ELIGIBLE FOR FINANCIAL ASSISTANCE

Evangelical Community Hospital and Evangelical Medical Services Organization limits the amount owed by individuals eligible under this Financial Assistance Policy who received services except for elective medical, diagnostic, or surgical services performed, professional (physician) fees, and or specialists (radiologist, etc.) to an Amount Generally Billed (AGB) to patients covered by Medicare and Private Insurers. In addition, Evangelical Community Hospital and Evangelical Medical Services Organization also limits the eligible patient’s financial responsibility to less than total charges. Evangelical Community Hospital and Evangelical Medical Services Organization shall periodically, at least once a year, update the AGB calculation and re-evaluate the method used. The AGB shall be based on all services provided to Medicare and Private Insured patients fully adjudicated as of the end of the 12-month look back period ending on June 30th. The calculation of the current AGB is as follows:

$$\text{Total Medicare and Private Insured Allowed Reimbursement} / \text{Total Medicare and Private Insured Gross Charges} = \text{AGB Percentage}$$

(Current AGB is 37% effective July 1, 2018)

The eligible individual’s financial responsibility is calculated as follows and applied to the patient liability only
(Excluding any portion assumed or paid by insurance or other entities on behalf of the patient):

$$\text{Total Gross Charges for the Services Rendered} \times \text{AGB Percentage} = \text{Patient Financial Responsibility}$$
