## ON THE COVER

*Every position at Evangelical Community Hospital plays a part in developing connections to one another as coworkers, to the job, and to our patients—creating a culture that defines Evangelical as the community's hospital. Pictured: Alicia Torruella, EEG/EMG Technologist Trainee, Cardiopulmonary Services; Pablo Santos Jr., Medical Assistant, Family Medicine of Evangelical-Selinsgrove; Diane Shaffer, RN, Nursing Coordinator, Acute Care, showing one of her staff how to use the new Epic system.*

# PRESIDENT'S MESSAGE

Our success is truly rooted in our connections with others—our connections to one another as colleagues, our connections with our patients who trust us with their health and wellness, and our connections with the community we serve.

As the healthcare landscape becomes ever more challenging, it is these connections that will sustain us.

This past fiscal year, we doubled down on our efforts to retain the excellent team of staff and providers we have assembled and attract new talent. We re-introduced programs sidelined by the global pandemic and rolled out new programs designed to encourage employee

and provider engagement, promote well-being, ensure a safe work environment, and nurture a culture of diversity, equity, and inclusion.

We also recently completed our transition to an integrated electronic health record. The new system allows for greater provider and staff efficiency throughout the care continuum and puts vital medical information at the patient's fingertips through the new patient portal.

In addition to positively impacting the community by expanding and improving access to a variety of specialty practices in two construction projects, we also paused in fiscal year 2023 to honor those individuals, businesses, and organizations who strive day in and day out to make the Central Susquehanna Valley an amazing place to live, work, and play.

As we inch ever closer to our centennial anniversary in 2026, we will be looking to you—our patients and supportive community—to share how this Hospital has impacted your lives.

Thank you for taking a moment to connect with us through our fiscal year 2023 annual report.

*Kendra C. Aucker*

President and CEO  
Evangelical Community Hospital

# A TRULY EPIC MOVE

At the close of 2022, Evangelical Community Hospital successfully transitioned to one, integrated platform for its electronic health record (EHR). The Hospital moved to Epic, a leading developer of comprehensive healthcare software used by numerous academic medical centers around the world.

As a result, all of the Hospital's workstreams—inpatient, outpatient, Emergency Department, Operating Rooms, and more—now operate on the same platform, modernizing the patient experience with a seamless, safe, and more consistent healthcare delivery system for all patients in the community.

The transition to Epic affords opportunities for quality improvements, best-in-class patient experiences, and the efficient intake of new patients as well as ensuring existing patients are where they need to be to receive the best possible care in a timely manner.

"The platform takes into consideration all facets related to patient care and has placed them into one system that makes seeing all information in one place possible," said Malcolm Mar Fan, MD, Medical Director of the Hospitalist Group, Evangelical's inpatient provider team. "For our clinical staff, this means no longer

logging out of one system into another to get all the information needed to care for our patients. For our patients, it means better access to their own information and smoother sharing of vital medical data and test/imaging results with providers outside of the Evangelical system for seamless care experiences."

The implementation of Epic included a switch to Epic's patient portal, MyChart. After registering for an account, patients are able to access their medical records, see test results, talk to their care teams, request prescription refills, request referrals to specialists, receive reminders for important health screenings, and more.

In the near future, Evangelical patients participating in MyChart will have the ability to schedule appointments with their established care teams through the portal.

*Executive Operating Team members supported staff in the Epic transition by encouraging teamwork and team building. From left to right: James Stopper, Senior Vice President of Finance and Chief Financial Officer; John Devine, DO, Vice President of Medical Affairs; Kendra Aucker, President and CEO; Angela Lahr, Vice President of Clinical Operations; Rachel Smith, Vice President of People and Culture; Brian Wolfe, Vice President of Physician and Clinic Practices; Dale Moyer, Vice President of Information Systems and Chief Information Officer; and Tamara Persing, Vice President of Patient Care Services and Chief Nursing Officer.*

At right: Renee Kunkle, PA-C, Hospitalist, served on the Epic cutover team, entering patient data for documentation within the new system.

Below: Stacy Reibsome, Director of Information Services, and Ann Dzwonchyk, Wellness Educator, take calls on the Epic hotline to troubleshoot any problems encountered by employees as they began using the new system. Rebekah Herrera, RN, Acute Care, poses with her "We Are Epic" T-shirt to celebrate the transition.

A system migration of this scope—which truly impacted every electronic system at the Hospital and its group of primary and specialty care practices—requires a complete team effort. It culminated December 4, 2022, after more than two years of planning, testing, and training. And despite some not-unexpected hiccups shortly after going live, it has been successful.

“I’ve been a part of a number of these types of transition projects in my career, and this one, by far, was the smoothest,” said Elizabeth Price, Vice President of Information Systems/ CIO. “It’s a testament to the teams who worked to construct the workflows in the new system, the providers and staff who diligently completed the training, and everyone who provided support as we moved to the new EHR.”

Now that Epic is in place, the Information Technology team, in conjunction with providers and staff, has been working to resolve any remaining issues, refine workflows, develop order sets, and adapt procedures to meet the needs of Evangelical specifically.

“Implementing an integrated EHR was a significant investment of financial and staff resources, but it was absolutely vital to ensure Evangelical continues to deliver the high quality of care the community has come to expect of us,” said Kendra Aucker, President and CEO.

# Inside the Transition

**300**

In-person, classroom training sessions hosted over two months

**34**

New systems implemented

**94%**

Identified issues resolved by January 9, 2023, just one month after Epic went live

**160**

Shadowers who provided “at-the-elbow” support for staff, 24 hours a day, 7 days a week during the go-live period

**150**

Providers fully trained and authorized to access the new system

**20**

Updates issued to all providers and staff as the organization prepared for and executed the transition

**359**

Tasks to be completed beginning at midnight December 4, 2022, to execute the cutover

**1,850**

Staff members fully trained and authorized to access the new system

*From top to bottom: Heidi Maust, Patient Relations Specialist, and Nancy Miller-Boyer, Volunteer, deliver treats to staff. Gretchen Wenrich, RN, BSN, and Wendy Smith, RN, MSN, CCRN, Cardiac Rehabilitation, and Whitney Womer, Environmental Services Technician. Central Registration team members do behind-the-scenes work on cutover day to prepare for the moment of transition to Epic.*

# STAYING CONNECTED WITH THE WORKFORCE

Maintaining an exceptional workforce through creating a caring, compassionate environment that centers on respect and inclusion makes Evangelical the hospital it is for the community. That means not only recruiting the best, but also continuing to answer the needs of the valued existing staff. Over the last year, many steps have been taken to attract and retain the most vital resource of Evangelical, the people doing the work.

## Retention:

### COFFEE WITH KENDRA

At Evangelical, it's not about assuming what the employees need in a workplace but asking them. Kendra Aucker, President and CEO, held hour-long sessions with small groups of employees—usually between 8 and 10 at a time from 2022 through 2023—capturing a large majority of the workforce. During the sessions, those conversations centered around celebrating what the Hospital is doing right, current challenges facing the workforce, current and future Hospital initiatives, and identifying ways the Hospital can do even better for its employees and patients.

The information gleaned from those sessions has driven many of the initiatives taken by the Hospital throughout fiscal year 2023 and continues to guide the narrative for leadership.

*Denise Finan, Unit Assistant, Intermediate Care, reviews patient information with Julie Deckard, Social Worker, Care Coordination.*

## BY THE NUMBERS

- 623** Voices shared directly with the Hospital's President and CEO (total participants)
- 482** Employees across all departments
  - 91** Management staff members
  - 30** Advanced Practitioners
  - 20** Volunteers
- Employed Physicians were met separately

*Edward Netzband, Public Safety Officer, Employee and Public Safety, monitors Hospital safety at the Emergency Department.*

## CREATING A 'SAFE TO CARE' WORK ENVIRONMENT

Employees should expect to be safe when they are doing their jobs. According to the National Crime Victimization Survey, healthcare workers are 20% more likely to be the victim of workplace violence than workers in other industries. The American Nurses Association found that 25% of surveyed nurses reported being physically assaulted by a patient or a patient's family member. The Centers for Medicare and Medicaid Services, the Occupational Safety and Health Administration, The Joint Commission, as well as other accrediting organizations and professional associations have been tracking increases in aggressive, violent behavior toward healthcare workers.

Within the Hospital's walls, there has been a marked uptick in rude and aggressive behaviors as well as physical altercations. These have resulted in increased calls for assistance to security personnel.

To encourage the safest environment possible for Hospital employees, the Safe to Care program was introduced. Safe to Care saw a renaming of the Hospital's security team to Employee and Public Safety to clearly define their role at the Hospital. In addition, the following initiatives were implemented or put into planning:

- New uniforms to make security personnel easier to identify
- Security assessments for every office and clinic
- A new mass communication system that will streamline the ability to communicate security issues to every employee, provider, and volunteer
- A new app that will facilitate calls to 9-1-1, connect to a public safety tip line, and allow employees to select a guardian to track their arrival and departure at a designated location

- Improvements to the system-wide security assist buttons
- Quarterly emergency preparedness reviews with departments across the organization
- Updates to relevant policies, like the Patient and Visitor Code of Conduct and the Hospital's lockdown procedure
- Public-facing messaging that calls out and discourages rude, aggressive behavior
- Nationally recognized, in-person AVADE® training (depending on role) to help support collective safety and security while at work

### EMPLOYEE/PROVIDER ENGAGEMENT SURVEY

Employees had an additional opportunity to provide their points of view to leadership through the Employee/Provider Engagement Survey in June 2023. The pulse survey was a shortened tool that allowed employees and providers to share their feedback on areas the Hospital is working on to meet employees' needs.

The confidential survey ran for 17 days and asked questions that took approximately 10 minutes to complete.

Key strengths identified by respondents:

- Employees and providers feel respected
- Coworkers value individuals with different backgrounds
- The Hospital provides high-quality care and service

The survey results were collected by Press Ganey and will be evaluated and presented to leadership, who will guide efforts in the new fiscal year.

The survey serves to celebrate Hospital successes, identify ways to make the organization even better, and further shape a shared culture.

### CHAIR OF JOY

As the Hospital continues to see a high volume of patients and is challenged with staffing shortages, the mental and emotional well-being of employees has come keenly into view. It became clear in fiscal year 2023 that finding ways to give staff and providers outlets for stress relief was a high priority. A well workforce provides the best possible care to patients.

One innovative approach was introduced by Joyely LLC, a company driven by creating a joy-filled workplace. Evangelical enlisted Joyely to bring in its Chair of Joy. The ornate chair, along with the guidance of Joyely's Culture of Joy experts, encouraged employees to take the time to sit, breathe, think, and feel through the emotions of their day.

While the special chair was a means to take part in the four-step concept of joy, the exercise could be done in any chair, anywhere. The mission of the program is to cultivate joy, which is essential for effective leadership, fostering diversity and inclusion, increasing employee engagement, boosting productivity, and building resilience.

*Tiara Mitchel, Nutritional Services, takes a moment to reflect in the Chair of Joy.*

## EMPLOYEE APPRECIATION

The Hospital has a long history of employee appreciation efforts that are unique and lean into fun and fellowship with one another. For an organization its size with over 1,900 employees in multiple locations and now spread even further by some staff working remotely, the Hospital's efforts continue with new offerings available.

As a tradition, employees enjoy treats each day of Hospital week, a summer picnic, and a holiday meal. Each focuses on bringing staff together to celebrate one another and the work they do.

In addition, new efforts have been made to bring in fun contests where departments can work together to create an entry while the Hospital votes on those efforts. A special Evangelical's Got Talent contest allowed employees to showcase their skills from outside of work. Food truck Fridays brought in exciting new food options during the lunch and dinner hours.

Remote and off-site employees can take part in the contests through virtual options and are sent treats through office management or via the mail or email.

It's a whole new world when it comes to the workplace environment, but Evangelical continues to seek innovative ways to keep everyone connected.

*Hospital Week was just one of the many occasions where employees could take a moment to enjoy a treat and receive appreciation for the work they do. Top: Royce Snavelly, MRI Tech, Kellie Gross, MRI Tech, and Heidi Lehman, Imaging Tech Aide of Imaging Services enjoy strawberry shortcake day. Bottom: Myrle Newcomer, PA-C, and Angela Kline, CRNP, Emergency Department, with their ice cream floats.*

## Recruitment:

Staff recruitment in a difficult employment landscape continues to challenge People and Culture and the Hospital to think outside the box on meeting job seekers' needs. Fiscal year 2023 saw continued reliance on contract labor to fill care gaps, allowing patients to receive the excellent healthcare

for which Evangelical is known. While the use of travelers and agency staff is a good short-term plan, it is not sustainable for long-term success. As a result, a concerted effort has been made to find staffing solutions in a landscape where there are more openings than people to fill them.

### EMERGENCY MEDICAL TECHNICIAN (EMT) TRAINING PROGRAM

First introduced in fiscal year 2022 and continuing in 2023, the EMT training program has successfully graduated two classes, bringing on a total of seven employees.

New in 2023 was a partnership with SUN Area Technical Institute. In the new collaboration, high school students pursuing criminal justice or health-related fields for Nurse Aide or Patient Care Technician can do their coursework at SUN Tech and then switch over to the EMT Training Program. Two students went through the SUN Tech/Evangelical collaborative program and began employment with Evangelical in the summer of 2023.

The four-month, fully funded EMT training program allows participants to gain knowledge and education through a partnership with Penn College. Upon completion and achievement of certifications, the graduates become EMTs with Evangelical Regional Mobile Medical Services, where they are mentored by established EMTs and Paramedics as they begin their careers.

*Carissa Ward, Mason Peluso, Myers Larson, and Kari Temple became certified EMTs through the first class of the EMT Training Program in 2022.*

## INTERNATIONAL STAFFING

New to the Hospital in fiscal year 2023 was the effort to recruit employees internationally. Through partnerships with PassportUSA and Conexus, Registered Nurse and Medical Laboratory Scientist candidates from other countries are able to interview for existing positions at the Hospital. Primarily from the Philippines, but also from the Bahamas and Nepal, these candidates have the same exceptional credentials and work experience as those in the United States; however, in their countries, there are more candidates than jobs available.

Once here, PassportUSA and Conexus help these employees and their families through the immigration process and establish themselves within the community (connections to housing, schools, transportation, places of worship, etc.). They are employees of these organizations for their first three years at the Hospital. Once that time commitment has been completed, these employees are offered full-time employment and become employees of Evangelical if they wish.

The introduction of international employees has been a success, with the Hospital's staff welcoming these individuals with open arms and minds.

At fiscal year's end, five RNs (two in Critical/Intermediate Care and three in Acute Care) were onboarded through the program. One Emergency Department RN is set to start at the end of summer 2023. It is anticipated that in fiscal year 2024, another 18 staff members will be added through the international initiative (three Medical Laboratory Scientists and 15 RNs).

## DIVERSITY, EQUITY, AND INCLUSION

As our population mix becomes more varied and rich in culture, the Hospital has reinforced its efforts toward diversity, equality, and inclusion (DEI) for all staff and patients who enter the doors. The initiative focuses on what patients and staff need in addition to an excellent care and work environment—a welcoming and accepting place to land regardless of background and belief.

As fiscal year 2023 progressed, several key developments were made in DEI efforts.

- Leveraged data to inform and shape DEI efforts
- Established a workgroup to guide the process focused on four pillars (talent, patients, providers, and community members)
- Created a dashboard to better understand trends in staff and patient demographics for the region
- Supported federally recognized heritage months centered on historically marginalized groups
- Introduced DEI questions on the Employment Engagement Survey
- Held a PRIDE panel discussion to aid in answering questions and gaining insight on connecting with the LGBTQ+ community

*Amita Mehta, DEI consultant from Amita Mehta Possible (AMP), leads managers and leadership in a discussion focused on not just working with one another but taking understanding and acceptance into consideration for a more inclusive workplace and patient environment.*

These efforts are moving the meter on a nurturing environment for people of all walks of life as early results from the 2023 Pulse Survey indicate that the Hospital's diversity index has moved to the 72nd percentile.

# THE REGION'S ONLY 5-STAR CMS HOSPITAL

## HOSPITAL RECEIVES HONOR FOR SECOND TIME IN HISTORY

Congratulations to all Evangelical providers, employees, and volunteers on achieving a five-star rating on the Centers for Medicare & Medicaid Services (CMS) rating system.

CMS updated its Overall Hospital Quality Star Ratings for 2023 and released the results on July 26, 2023. They awarded 483 U.S. hospitals with a rating of five stars, 18 of which, including Evangelical, are in the Pennsylvania listing. This year, 54 more hospitals were given five stars than in 2022.

CMS annually assigns star ratings to hospitals nationwide based on their performance across five quality categories—mortality, safety of care, readmission, patient experience, and timely and effective care.

*The CMS five-star rating is out of five stars.  
The data used to determine Evangelical  
Community Hospital's 5-star ranking for  
Overall Hospital Quality is from July 1, 2018–  
March 31, 2022. For more information on the  
star rankings, visit <https://www.medicare.gov>.*

# RECOGNIZING STRONG TIES WITHIN THE COMMUNITY

The Hospital held its inaugural Evangelical Honors the Community banquet in November 2022 as an outward sign of appreciation for the way the Hospital and the community work together to build a place where people want to live, work, and raise families.

A strong and vibrant community is built upon multiple pillars: basic services and infrastructure, economic development, business and nonprofit organizations, leadership and elected officials, healthcare, wellness and recreation, arts and culture, and education.

“As we begin our march toward our centennial anniversary in 2026, we felt it was vital to recognize and appreciate some of our most extraordinary community members, who have influenced one or more of the foundational community pillars through their own philanthropy, leadership, and service,” said Kendra Aucker,

President and CEO, Evangelical Community Hospital. “We look forward to making this an annual tradition.”

James Apple, longtime Hospital Board member and community advocate, received the organization's first Lifetime Achievement Award. In addition to Evangelical, Apple has been involved with the Boy Scouts of America Susquehanna Council, Greater Susquehanna Valley YMCA Board of Directors, Gettysburg College Board of Trustees, and Christ Evangelical Lutheran Church.

“Evangelical has been serving the community for 96 years, and Jim has served the Hospital for nearly two-thirds of the time it's been in existence,” said Aucker. “Over that time, Jim has provided leadership to the Board and the future direction of the Hospital, as well as gifts that have supported both patients and the workforce.”

*Lifetime Achievement Award winner James Apple, surrounded by his family.*

**OTHER AWARDS GIVEN  
RECOGNIZING CONTRIBUTIONS  
TO THE HOSPITAL AND THE  
COMMUNITY-AT-LARGE WERE:**

**Philanthropy Advocate of the Year**  
W. Gale Reish, MD

**Physician Philanthropist of the Year**  
John P. Furia, MD

**Business Philanthropist of the Year**  
Silvertip, Inc.

**Young Philanthropist of the Year**  
Kylie Kuhns, Kelsey's Dream

**Community Service Award of the Year**  
Emily Gorski, DIG Furniture Bank

**PRESIDENT'S AWARDS,  
PRESENTED AT THE DISCRETION  
OF THE HOSPITAL'S PRESIDENT  
AND CEO, WERE AWARDED TO:**

- Robert Gronlund—*presented to wife, DeOnne Gronlund, in his memory*
- Dale Miller
- Joseph McGranaghan
- U.S. Representative Fred Keller
- Milton Fire Department, Inc.

# MAPPING OUT THE VISION OF CARE

Whether building new, revitalizing, or planning, a focus on patients continues to guide the Hospital's decisions. In fiscal year 2023, several construction projects showed the Hospital's commitment to access to care and allowing room for growth.

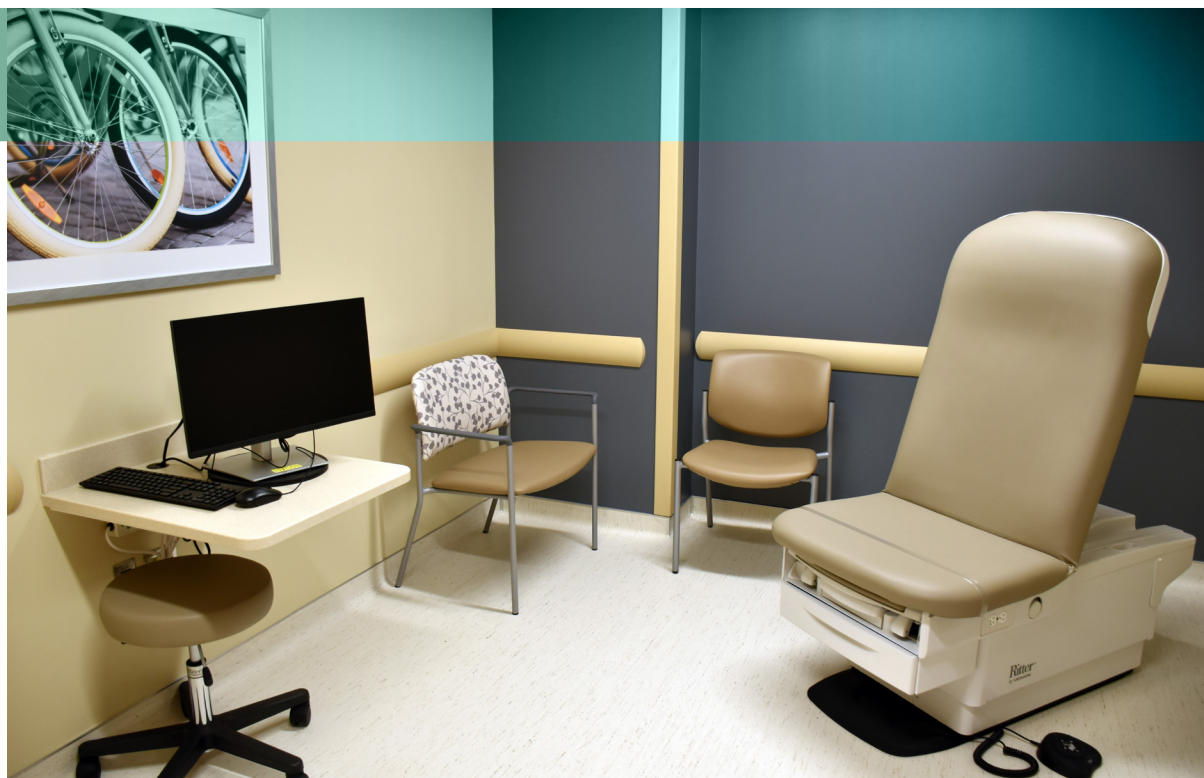

## HEART AND VASCULAR CENTER OF EVANGELICAL

Constructed and opened for patient care in 2015, the Heart and Vascular Center of Evangelical quickly filled its practice with patients seeking heart and vascular disease management and treatment from Evangelical's professionals. By 2022, it became clear the relatively new practice needed more space.

Fiscal year 2023 saw a renovation of the practice done in two phases. The first phase increased the number of exam rooms from nine to 14, added a procedure room, created a staff lounge, added an ADA-accessible restroom, and made room for more provider-shared office space.

The expansion increased the practice location by 7,980 feet, allowing for increased patient volume in new and modern spaces designed for patients and providers. After passing inspections, patients were enjoying the newly expanded spaces starting in January 2023.

The second phase focused on efficiency and space improvements in the check-in and check-out spaces of the main entrance and waiting area to better meet patient needs. That phase was completed in March 2023.

## SUSQUEHANNA VALLEY MALL

Work to complete new clinical spaces for SUN Orthopaedics of Evangelical's Selinsgrove office as well as Selinsgrove Imaging Center in the Susquehanna Valley Mall continued between 2022 and 2023.

Both the orthopaedics practice and the imaging center were relocated from nearby

21 Susquehanna Valley Mall Drive to the mall location adjacent to other medical offerings in what was the former Sears store location.

The move, while short in distance, provides convenient access for patients needing orthopaedic care or imaging services for

the Selinsgrove, Sunbury, and surrounding areas, especially those who are already seeking other healthcare services at the mall location.

The space was occupied and began seeing patients in August 2023.

The former home of SUN Orthopaedics of Evangelical and Selinsgrove Imaging Center will be used by the Hospital to bring even more services and access to the surrounding areas. Currently, plans are under way to bring multiple services to the clinic spaces in that building, beginning with OB/GYN in December 2023. More to come as plans continue to progress.

## COUNTRY CUPBOARD

In April 2022, the Hospital finalized its negotiations with the Baylor-Hamm Companies to purchase the former Country Cupboard Restaurant and Gift Shops property at the corner of Hafer Road and Route 15. The property, which is contiguous with other Hospital-owned property, is an excellent location for future development.

In October 2022, the Hospital began its demolition of the aging structure of the former restaurant, which would have required substantial improvements to make it viable for any future use. The plan to demolish the existing structure allowed for a fresh start in a cost-effective manner for the future. Several options have been explored, but no immediate plans for the site have been established.

# TAKING THE NEXT STEP IN ORTHOPAEDICS

## FOOT AND ANKLE CARE ADDED

Just as the strength of the body comes from the bones and muscles that are its foundation, the Hospital has found success from its orthopaedic specialties available through SUN Orthopaedics of Evangelical.

With nine board-certified orthopaedic surgeons on staff, complemented by a strong team of advanced practitioners and support staff, SUN Orthopaedics of Evangelical delivers on its strong reputation of answering the orthopaedic needs of the region.

*Gerard Cush, MD*

In fiscal year 2023, SUN Orthopaedics of Evangelical added to its offerings through the arrival of Gerard Cush, MD, Foot and Ankle Surgeon.

Dr. Cush specializes in the treatment of sports-related injuries and fractures of the foot and

ankle, ankle arthritis treatment, including total ankle replacement or fusion, flat foot/midfoot disorders, Achilles disorders, Hallux valgus (bunion) and great toe arthritis, lesser toe disorders, heel pain, nerve disorders, and other foot and ankle problems or pathology.

Dr. Cush joins his elite colleagues at SUN Orthopaedics of Evangelical in answering patients' needs in the areas of joint replacement, sports medicine, spine, and foot and ankle in five convenient locations, backed by Physical Therapy of Evangelical for pre- and post-surgical rehabilitation.

*Above: Karina Cooper, Anna Lovell, Erin Skonecki, and Tiffany Spencer, Radiologic Technologists in Imaging Services, work with patients daily to get the imaging needed for providers to make important decisions for treatment.*

*Right: Michael Pope, Plumber, is just one member of the Plant Engineering team who is vital in keeping facilities in tip-top working order.*

## THROUGH CHALLENGES, STAFF DISPLAY STRENGTH AND COMMITMENT

After three full years of delivering healthcare in a pandemic environment, the federal Public Health Emergency (PHE) for COVID-19, declared under Section 319 of the Public Health Service (PHS) Act, was called to an end by the Department of Health and Human Services (HHS) on May 11, 2023.

For the Hospital's staff and providers, this was a welcome announcement. With an end to the pandemic declared, visitation opened, universal masking throughout the Hospital and its practices was lifted, and operations began to resume as they did before COVID-19.

Though the pandemic has ended, the impact on the staff is not easily forgotten. The lessons learned about flexing operations in challenging times to serve patient needs in the best way possible remain, and the resilience exhibited is celebrated.

What the pandemic proved is that Evangelical employs some of the finest staff members who are dedicated to their roles and the ways they contribute to Evangelical's mission to serve its community.

# AMBASSADOR CHALLENGE

## OVER \$181,000 RAISED FOR EVANGELICAL COMMUNITY HOSPITAL

The Hospital held its second Annual Ambassador Challenge. The challenge, which ran throughout May, raised over \$181,000 to support the Evangelical Care Fund.

Michael Briskey, MD, of Selinsgrove; Chad Evans of Paxinos; and Sabra Karr of Lewisburg were the ambassadors for the 2023 campaign. Collectively, the three ambassadors raised \$98,975, with Sabra Karr of Lewisburg being named Ambassador of the Year for raising over \$44,000.

In addition to monies raised by the ambassadors, sponsors of the event provided \$87,750, and an online auction, which was open to anyone with interest, brought in over \$14,000.

The Ambassador Challenge committee included community volunteers: Eustacia Muir, Chair; Stacey Napoli, Co-Chair; Chad Evans; and Kristen Moyer as well as Evangelical Community Hospital Philanthropy and Donor Relations staff: Drew Kauffman, Communications Manager; Donna Schuck, Associate Vice President of Philanthropy and Donor Relations, and Krista Stephens, Development Assistant.

# COOKIN' MEN

Cookin' Men, the Hospital's annual breast cancer awareness event, was held October 27, 2022, at the Rusty Rail Brewing Company in Mifflinburg.

In total, the event raised the most in its history, over \$63,000 for the Thyra M. Humphreys Center for Breast Health. The Center for Breast Health uses the funds raised from Cookin' Men to provide financial assistance to women in our community who are un- or under-insured and need breast health screenings.

The chefs set a fundraising record by raising \$32,952.37 through chef votes. Top Chefs were Eric John and Paul John Jr., Rusty Rail Brewing Company, who raised \$7,745.10 by the deadline.

# GIVING IS A FAMILY AFFAIR

Jeanne Bernt, husband, Alex, and mother, Mary Ann Hamilton, have been advocates and benefactors of Evangelical Community Hospital for more than a decade. All three family members enjoy supporting the Hospital in a variety of ways.

The family has a special passion for Endocrinology services and Diabetes education, awareness, and treatment. Jeanne, Alex, and Mary Ann generously support this cause and other programs of Evangelical. Jeanne and Alex recently chose to become monthly sustaining donors to strengthen their ongoing support.

In addition to their charitable giving, they also give of their time and talents. For many years, Jeanne has served on the planning committee for Cookin' Men, while Alex has participated as a Celebrity Chef, cooking and raising funds for the Thyra M. Humphreys Center for Breast Health. Jeanne was also instrumental as a volunteer committee member in the development and planning of the Ambassador Challenge, now a successful annual fundraising competition that provides important funding for many Hospital services. In the inaugural year, Mary Ann was the winner of the Ambassador Challenge raffle grand prize and secured two grocery carts full of goods at the Lewisburg Weis Markets in the 2-minute shopping spree!

Jeanne, Alex, and Mary Ann agree that giving is a family affair for them. Together, they enjoy supporting causes they care about most, while also keeping in mind how they can best impact their community.

"Our family supports Evangelical Community Hospital so we can continue to get expert, convenient, and compassionate care close to home. Our friends and family trust Evangelical doctors, nurses, and all their staff for comprehensive medical support for a lifetime. From acute care to ongoing support for our medical conditions, our family relies on Evangelical. We're so fortunate to have them in our backyard to help our entire community."

— Jeanne Bernt

*From left to right, Kendra Aucker, President and CEO, Evangelical Community Hospital, Mary Ann Hamilton, and Jeanne and Alex Bernt.*

# HERO CLUB

The HERO Club recognizes all Hospital employees and volunteers who have given to the HERO Club during fiscal year 2023.

# HOSPICE OF EVANGELICAL EARNS 5-STAR RATING

Hospice of Evangelical, a comprehensive program that assists patients and their families with physical, emotional, and spiritual needs that may accompany a life-limiting illness, was awarded the 5-Star rating by the Centers for Medicare and Medicaid Services (CMS).

The rating is part of CMS' Hospice Compare program that gathers data to assist families in choosing a hospice program for loved ones. The data is compiled from family and caregiver surveys.

The program measures eight key areas: communication with family, getting timely help, treating patients with respect, emotional and spiritual support, help for

pain and symptoms, training family to care for the patient, willingness to recommend, and rating the Hospice provider.

Hospice of Evangelical scored well in all categories, well above the national and state average, reaching 93 percent or higher in the areas of treating patients with respect, emotional and spiritual support, and willingness to recommend the program to others. In all other categories, Hospice received 80 percent or higher.

# FINANCIAL REPORT

Evangelical Community Hospital remains committed to expanding access to its wide variety of services and providing the kind of personalized and high-quality care the community has come to expect—even in a challenging financial landscape.

The Hospital continues to be challenged by rising labor costs, specifically the utilization of contract labor; an aging population that requires higher levels of care but is no longer covered by private insurance; and patient volumes in primary and

specialty clinics that have not returned to pre-pandemic levels. Additionally, Evangelical is experiencing longer average lengths of stays for many patient populations and reimbursement rates from insurance providers that do not cover the cost of care.

These challenges were exacerbated by a weak investment market in fiscal year 2022 and rising supply expenses.

It's a fiscal scenario being reported by hospitals and health systems across the state and nation.

"From a financial perspective, it's a difficult time to be in healthcare," said James Stopper, CPA, Senior Vice President of Finance and Chief Financial Officer. "Like every other hospital and health system in the state and across the country, we face what feels like an endless stream of financial hurdles. Yet, as an organization, we continue to move forward with key projects that will enhance our ability to care for the community."

## EVANGELICAL COMMUNITY HOSPITAL AND CONTROLLED ENTITIES BALANCE SHEET JUNE 30, 2023

	Unaudited 6/30/2023	Audited 6/30/2022
<b>Assets</b>		
<b>Current Assets:</b>		
Cash and Short-Term Investments	\$22,730,843	\$23,046,636

Supplies	41,194,364	40,010,321
<b>Total Operating Expenses</b>	<b>316,929,747</b>	<b>299,329,579</b>
<b>Net Income Available for New Services and Facilities</b>	<b>(\$19,568,254)</b>	<b>(\$11,580,033)</b>

In fiscal year 2023, Evangelical doubled down on its long-term commitment to the health and wellness of the community—transitioning to an integrated electronic health record (EHR), expanding its Heart and Vascular Center, recalibrating its talent recruitment initiatives, adding a foot and ankle specialist to its thriving orthopaedics practice, and improving access to its services in the Selinsgrove and Williamsport areas.

The Hospital successfully completed its transition to Epic, an integrated EHR platform, improving staff and provider efficiency across the organization while providing a more seamless experience for patients as they navigate between healthcare providers in the region.

The Heart and Vascular Center was expanded to accommodate more patients and more providers. Heart and Vascular continues to show gains in patient volumes, suggesting it's an area of need in the community and one of the Hospital's keys to regaining financial stability.

Significant investment is being made to modernize the Hospital's recruitment efforts, tapping into new communication channels and aggressively utilizing traditional recruitment methods to fill out its

teams and reduce its reliance on contract labor.

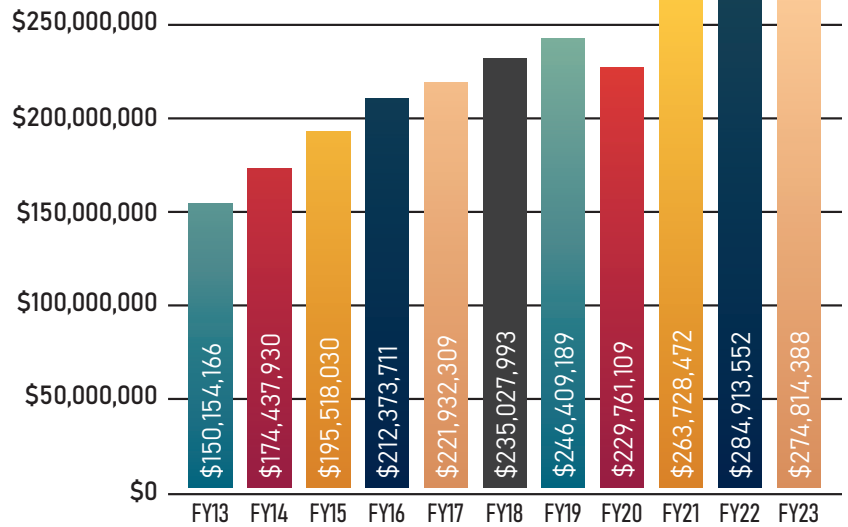

Gerard Cush, MD, was welcomed to SUN Orthopaedics of Evangelical. A well-respected and well-known foot and ankle orthopaedic surgeon, Dr. Cush is caring for patients who previously would have been referred out of the Evangelical system.

SUN Orthopaedics of Evangelical's Selinsgrove practice and the Selinsgrove Imaging Center have moved from the facility at

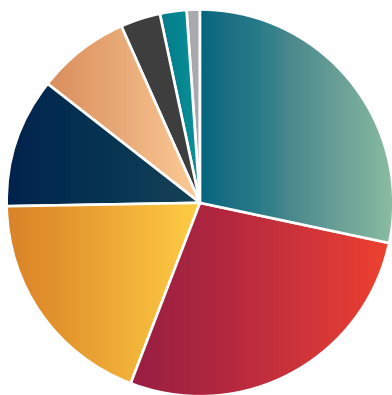

21 Susquehanna Valley Mall Drive to leased space in the Susquehanna Valley Mall that is adjacent to other healthcare providers. The new space provides ease of access for orthopaedic patients along with new and expanded imaging services.

Evangelical is expanding access to a variety of specialty practices and services at the 21 Susquehanna Valley Mall Drive location, strengthening care options for those in the Selinsgrove area. A second multi-specialty clinic is opening in Williamsport.

# COMMUNITY BENEFIT

At the heart of Evangelical's mission is providing the community with easier access to care and connecting it to resources to keep it healthy. With the pandemic ending, the doors reopened to breathe life into that effort. Several efforts through Evangelical Community Health and Wellness have returned to answer the needs of different groups within our community network.

## CHILDREN'S HEALTH FAIR

For the first time since 2018, the Children's Health Fair returned to The Miller Center. Hosted by Evangelical Community Hospital, the March 2023 event featured YMCA Healthy Kids Day Activities. The day invited parents and children of all ages to attend with a focus on key factors of good health including eating right, exercising, taking part in health screenings, and making good decisions about healthy living.

The event was a huge success with children actively enjoying the activities, including the chance to win a free bicycle, and taking part in a bike helmet fitting and giveaway. Parents were also able to take part in the fun by visiting vendor tables to explore the resources available to them and their children.

## TALK WITH THE DOC LECTURES

Returning in the winter of 2022, Talk with the Doc lectures began to address key health issues presented by the medical professionals of Evangelical Community Hospital. The talks serve to allow the community the opportunity to attend a free discussion on health topics that may be impacting their lives and gain insight on what may be the next steps in addressing the issue for themselves or a loved one.

Question-and-answer sessions after the talks give attendees the added bonus of direct access to a medical professional to guide their journey toward healthier living.

In fiscal year 2023, Evangelical providers, during the hour-long sessions, shared about bunions, weight-loss surgery, heart health for women, vascular disease, and skin cancer.

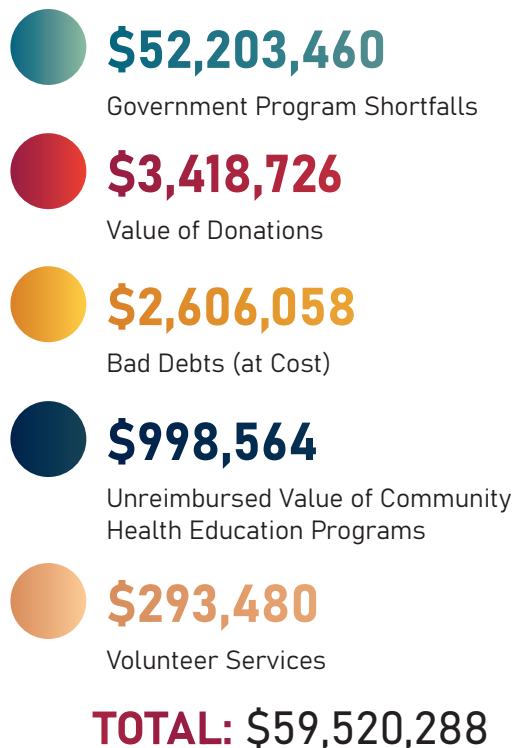

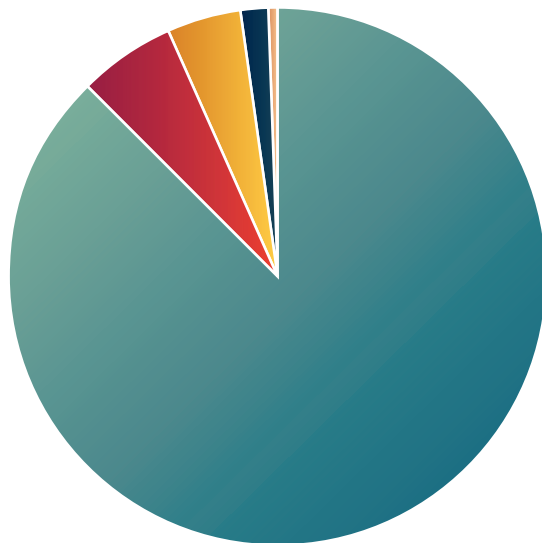

Evangelical Community Health and Wellness programming is available by calling **570-768-3200** or at [www.EvanHospital.com/Events](http://www.EvanHospital.com/Events).

# ACT 55 UNCOMPENSATED SERVICES

## WELLNESS AT WORK

Wellness at Work is a program where local employers, through a partnership with Evangelical, can bring to their employees opportunities to prioritize their health and well-being.

### Key Benefits for Employers:

- Encourages a healthier workforce
- Increases employee productivity and decision making
- Reduces healthcare costs
- Increases employee retention
- Creates workforces focused on collaboration and creativity

### Key Benefits for Employees:

- Encourages better work/life balance
- Supports positive morale
- Reduces stress and burnout
- Provides accountability and support to help attain healthcare goals
- Improves mental and physical health

With Evangelical's Wellness at Work programs, qualified wellness educators aim to address the root cause of chronic illness. Employers that partner with the program can choose from engaging wellness challenges, educational seminars on several different health and wellness topics, and/or workshops, biometric screenings, and health and safety classes.

# CENTENNIAL CELEBRATION

Founded in 1926 as a community-accessible infirmary in a home for the aged and orphaned, Evangelical Community Hospital will be celebrating its centennial anniversary in 2026. Watch for ways you can participate in marking this milestone as the Hospital builds toward commemorating 100 years of caring for the community.
